

# Transportation and Highway Management

A **xerox**  Company

## **Parker F. Williams**

Vice President, Electronic Payment Systems  
Transportation Solutions Group

Parker F. Williams is Vice President of Electronic Payment Systems for the ACS Transportation Solutions Group.

Williams is responsible for marketing and business development for electronic toll collection systems. His emphasis is on toll system installation and operations in the growing congestion pricing and public-private partnership market.

With over 25 years of public and private sector transportation experience, Williams serves on the Education Task Force of the International Bridge, Tunnel and Turnpike Association. He is also Vice President of Education and Chair of the Transportation Institute for the National Council for Public-Private Partnerships.

Previously, Williams served as Administrator of the Maryland State Highway Administration. Prior to that, he was Deputy Secretary of Administration with the Pennsylvania Department of Transportation.

He received his Bachelor's degree in Economics and his Master's degree in Administration from Pennsylvania State University.

## **Highway Management Trends and Issues**

Recognized for his transportation initiatives through numerous awards, Williams offers a comprehensive perspective on transportation infrastructure. He is an authority on the following:

- Variable pricing and congestion management
- Electronic and open road toll collection
- Transportation concession projects and public-private partnerships
- Innovative contracting and financing.
