With these solutions, we'll help you build an information-driven healthcare system to achieve your goals. Let us provide you with:

- IT strategies
- Clinical transformation strategies
- Revitalized systems and processes
- Optimized return on IT investments.

Transformational Outsourcing Services

Our Outsourcing Services

Our expertise is tailored to meet your specific goals, culture and strategic focus. We can help you in these areas:

- **Full-Service IT Outsourcing** – Single-source accountability delivered in a healthcare-dedicated, state-of-the-art network control center, to amplify ROI.
- **Facilities Management** – A full technology partner managing IT systems and staff functionality, on site or remotely.
- **Application Management** – Ongoing critical applications support.
- **Interim Management** – Senior-level technology executives guide strategic IT planning, operations and initiatives on a short- or long-term basis.
- **Remote Network Monitoring and Help Desk Services** – Healthcare-dedicated, 24/7 support; proactive monitoring of critical systems, knowledge-based issue resolution and plain-English reporting.

Our Value

Clients partner with us because they have confidence in the depth and quality of our outsourcing capabilities, including our:

- **Knowledgeable staff** – Average 15 years of experience in healthcare IT, industry regulations, and financial and administrative issues
- **World-class IT support** – Healthcare-dedicated facilities, processing and network capabilities, and 24/7 support
- **Strong renewal history** – Long-term outsourcing contracts; early client-partner renewals.

A Xerox company, we have a \$1 billion footprint in the healthcare industry.
